>THIS IS NORTTEL™

Nortel Fixed Wiring Closet Switches

Resilient fail-safe stackable 10/100 switches

Ethernet Switch 460-24T-PWR

- > 24 10/100 ports with Power over Ethernet

Ethernet Switch 470

- > 48- and 24-port 10/100 switches
- > Built-in stacking
- > Two built-in GBIC slots for uplink

Resilient 10/100 Layer 3 switch

Ethernet Routing Switch 1648T

- > 48-port 10/100 standalone Layer 3 switch with four SFP uplink slots
- > Redundant power supplies

Resilient fail-safe stackable 10/100/1000 Layer 3 switches

Ethernet Routing Switch 5520-48T-PWR and 24T-PWR

- > 48- and 24-port 10/100/1000 with Power over Ethernet and four SFP uplink slots
- > Built-in stacking
- > 640 Gbps stacking bandwidth

Ethernet Routing Switch 5510-48T and 24T

- > 48- and 24-port 10/100/1000 and two SFP uplink slots
- > Built-in stacking
- > 640 Gbps stacking bandwidth

Cost-effective 10/100 switches

Ethernet Switch 425-48T and 425-24T

- > Cost-effective 48- and 24-port 10/100 switches with two built-in combo uplink ports
- > Built-in stacking

Ethernet Switch 325-24G

- > Cost-effective 24-port 10/100 standalone switch
- > Two built-in Gigabit ports

Ethernet Switch 325-24T

- > Cost-effective 24-port 10/100 standalone switch

Cost-effective standalone 10/100/1000 Layer 3 switch

Ethernet Routing Switch 3510-24T

- > Cost-effective 24-port 10/100/1000 switch
- > Four SFP uplink slots
